www.cuveestoragesystems.com Indulging in a custom bar should be a process which creates a usable work of art. At Cuvee we build our bars to the same obsessive standards regardless of size or function. You will find that our building ethic is second to none. "Good enough" is not acceptable, our finished products when installed in your home should look as if they grew there. Many others might find our bars to be "overbuilt", but at Cuvee "overbuilt" is the standard. Our specialty rooms are custom designed for both size and functionality. Saunas and steam rooms are typically size driven and are designed to maximize the space available. All rooms are built to exacting specifications for the tightest tolerances which allows for the most efficient operation. Functional areas, such as game, workout, and even our gift wrapping and potting rooms, are built to the specifications necessary to allow our clients the most efficient utilization of the space.

WATERPROOFING**CRACK-X**

(888) 260-9553, www.CrackX.com, e-mail: dmossman@crackfx.com. For over 20 years, Crack-X has been the expert in solving water problems. With our 10 year warranty, our work is guaranteed. Our technicians specialize in repairing cracks in poured, concrete foundations. As a result, your foundation will be structurally repaired, and will prevent any water penetration. Our other services include: repairing leaky pipe penetrations, bulkheads and repairing floor cracks. Interested in a high-end, decorative epoxy floor covering? Crack-X has recently introduced a new coating that is durable, beautiful, and sure to receive many compliments!

WINE CELLAR**CUVEE SYSTEMS**

18 Boston Rd., Andover, MA 01810, (877) 663-8522, www.cuveestorage.com, e-mail: paulfugere@comcast.net. The Wine Cellar division of Cuvee is guided by one question: "Why?" Why is the "best" racking available on the market today built so poorly? Why are details such as sculpted edges, fit and finish, and quality of materials not the driving factor with other companies? We believe that these and many more questions had to be asked, and more importantly, answered. Cuvee refuses to settle for mediocrity and has developed a racking design which incorporates functionality inspired changes with the elegance of the best in custom cabinetry.
